Clean ears OTI PHARMA

COMPOSITION:

Ingredients (Per ml):

Sodium Docusate, Propylene Glycol, Glycerin, Sodium Bicarbonate, Lactic Acid, Salicylic Acid (0.05g), Lavender Oil (0.04ml)

Non-irritating ear cleaner, specially formulated to keep the ears hygienically clean, helping to restore the normal physiological balance of the ear canal, in dirty or smelly ears. Use Oti Pharma as a routine cleaning to reduce the risk of developing ear problems and clean the ear canal and outer ear appropriately for dogs and cats.

HOW TO USE:

Open the bottle by twisting the plastic cap, place the tip in the ear and squeeze the bottle to get a sufficient amount into the ear, massage the base of the external ear canal gently for a few seconds to allow the solution to reach the bottom of the ear canal, leave for several minutes and clean the outer ear and any excess product with a cotton ball. Always seek veterinary advice before administering a topical ear product to your pet.

Oti Pharma can be used between once a day and once a week and can improve ear health and hygiene.
